PROOF**

ROSA BASTONE'S TESTIMONY

Practice the Divine Life

**“And this is the record, that God hath given to us eternal life, and this life is in his Son”
(1 John 5:11).**

It's wonderful to be healed of any sickness or disease, but do you realize that you don't have to be sick in the first place? Living this way is much more sublime, and it's the type of life Jesus brought to us: it's a life of consistent divine health. For the Christian, this isn't a promise; divine health came in the salvation package. It's part of the result and impact of eternal life in you.

1 Peter 2:24, talking about Jesus, says, **“Who his own self bare our sins in his own body on the tree, that we, being dead to sins, should live unto righteousness: by whose stripes ye were healed.”** Many Christians all over the world use this verse in acting their faith for healing, but did you know that this verse wasn't written to Christians? It doesn't apply to the new creation because Peter was writing essentially to the Jews who were scattered abroad (Read 1 Peter 1:1).

The new creation has the divine life, the very life of God, so how could he ever be sick? However, as a spiritual babe, as one who's still maturing in the knowledge of Christ, you may find yourself sick and then receive healing. But the truth of the matter is, divine health is your heritage in Christ. Healing is good. It's the children's bread. But walking in divine health is God's best for you. That's the state where you don't need healing because you don't get sick.

The Bible says, **“And this is the record, that God hath given to us eternal life, and this life is in his Son” (1 John 5:11).** Being born again, you have eternal life, and eternal life doesn't require healing. Therefore, it doesn't matter what attacks your body; if you'd stir up the life of God in your spirit, your whole body would be vitalized. The Bible says, **“But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you” (Romans 8:11).** Hallelujah!

To some people, someone can't be perpetually healthy.

They think it's absurd, but that's the life Jesus brought to us. That's what His death, burial, and resurrection accomplished for us. He was never sick. We didn't read anywhere in the Bible that He needed to be healed. He lived in perfect health.

Christ in you – the Holy Spirit in you – is life-generating! The Bible says you were born after the second Adam, who is a life-giving Spirit. What you need is to learn to activate this life from within you, through meditation. You have to consciously practice that life by insisting on the Word, affirming boldly that the divine life has replaced the human life with which you were born of your biological parents.

1 Timothy 4:15 says, **“Meditate upon these things; give thyself wholly to them; that thy profiting may appear to all.”** The expression, ‘meditate upon’ is the Greek word, ‘meletao’, also meaning ‘to practice’. Every so often, practice saying this, *“Eternal life is at work in me, and every part of my being is inundated with the life of God. I'm an associate of the God-kind, with the indestructible life of God in me! I live in the Christ-environment, where divinity reigns. The divine life is operational in every fiber of my being, for I hail from God – I'm born of Him. Praise God!”* Study and train yourself to live by this higher knowledge.

The result of this will be undeniable, inevitable progress and success. When you feel symptoms of sickness in your body, it's a mirage; refute them with the Word. Never succumb to the rudiments of this world, that is, the corrupting forces of this present world of darkness. And don't wait until there's a challenge to declare the Word.

Transcend the level of needing healing from God, to living every day in divine health. This is the life of the new creation in Christ. This is a higher level of awareness and recognition: that, being born again, the life of God is in you now; you're a partaker of the divine nature; you have the resurrection life that's beyond sickness and disease.

FEBRUARY 2021 EDITION

I AM LIVING PROOF

■ Rosa Bastone's Testimony

PRAYER OF SALVATION

If you want to make Jesus Christ the Lord of your life, then say this prayer, believing with all your heart:

"O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess with my mouth that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of Jesus Christ, I receive eternal life into my spirit. I am born again!"

If you've just said that prayer, please send an email to feedback@enterthehealingschool.org. God bless you.

I Am Living Proof

ROSA BASTONE'S TESTIMONY

Jesus Christ is the same, yesterday, today, and forever. Time and again, the Lord proves His compassion for the sick and hurting, sending His Word and healing diseases and infirmities for all who believe. Rosa Bastone is a 53-year-old mother of two living in Canada, and she has a riveting story of how God honored her faith and healed her of cancer when she connected to the Healing Streams Live Healing Services. She tells her stirring story.

"It all started in early 2019, in the winter, when I started developing serious digestive symptoms, including bloating of the stomach after meals and frequent vomiting. I also had painful hemorrhoids so bad that I couldn't stand or sit for long periods. There was blood in my stool, and pains in the stomach that radiated to the right side of my chest."

Rosa tried to cope with these symptoms as best as she could for several months, hoping they would fade away. However, as the days turned into weeks and then months, the symptoms worsened. Eventually, she decided to see her physician in May 2019, and several tests were ordered. When the results showed that she had stage 4 metastatic cancer in the liver and colon, Rosa started chemotherapy immediately. *"In the beginning, my body responded well to the treatments. The large tumor in the liver shrunk and the rest of it was surgically removed, along with most of the smaller growths. The recovery was long and challenging, and I still had to continue treatments,"* Rosa recalls.

"I was very weak and I developed neuropathy because of the chemo. There was pain in my rectum all the time, making every movement uncomfortable."

Despite the treatments, Rosa was still hampered as daily tasks and simple exercises became difficult due to the constant fatigue and unrelenting pain. She explains, *"I was very weak and I developed neuropathy because of the chemo. Cold weather*

caused tingles and numbness in different parts of my body. There was pain in my rectum all the time, making every movement uncomfortable. Cooking and cleaning became very difficult. I hardly had an appetite, I lost the taste for some foods entirely, and I was always nauseous, so I lost a lot of weight."

"I was bedridden during treatments, and I didn't want to burden my family, so I isolated myself. I never complained to anyone. I couldn't look at myself in the mirror because it seemed like someone else had taken over my body."

Forced to lead a sedentary life, she was in dire straits, which made her despair when her condition deteriorated: *"After the second round of chemotherapy, I went for another scan, hoping the cancer would be gone. Instead, new growths had appeared in the liver. When I got this news, I truly lost hope,"* says Rosa.

Hopeless and desperate, she cried out to God for help, and His answer was swift and sure: *"One day, I met a lady who prayed with me and led me to Christ."* The lady told Rosa to download the Healing School Mobile App, where she found several inspiring healing testimonies that restored her hope. She began to look forward to attending a Healing School service and started praying accordingly.

"God answered my prayers with the Healing Streams Live Healing Services in September 2020," Rosa says. *"Once I found out about the program, I was very excited and I had high expectations; I believed I would receive my healing."*

She relates the awesome encounter: *"My experience during the services was awesome. The Lord had planned this time for me! I participated actively and I made sure I had no distractions because this was my final bus stop and I didn't want to miss it! As I sang along and worshipped, I lifted my hands and glorified the Lord. My faith and determination to be healed were strong!"*

"Then, during the special time of ministration, I heard my name called out by Pastor Deola Phillips and immediately lifted my hands to the Lord as the ministers began to pray

for me. What an amazing moment it was as the esteemed Reverend Tom Amekhienan rebuked the cancer and all other infirmities from my body! I felt this heat course through me from the top of my head to the soles of my feet. I suddenly sat up in bed and took a few minutes to catch my breath! Then, I got up from the bed and started jumping and rejoicing. I ran out of my room to announce to my family that I'm cancer-free and healed! I got hold of my healing that day! Hallelujah!"

Full of gratitude and in awe of God's majesty, Rosa talks about the transformation that has taken place in her life. Her strength and appetite are back, and the pain is completely gone. She says, *"I have gained weight. No blood in my stool. I can do my chores and run errands without feeling tired. I'm so joyful and full of energy! I have so much peace in me. My family and friends are grateful that I got my life back. I'm capable on my own now. Praise God!"*

"This miracle is proof of God's love for me. I am living proof of God's faithfulness. Today, I share my testimony with boldness; I give hope to the hopeless and life to the lifeless! Glory to God!"

Explaining the importance of this miracle in her life, Rosa says, *"This miracle is proof of God's love for me and evidence that all is possible for the one who believes. I am living proof of God's faithfulness. Today, I share my testimony with boldness; I give hope to the hopeless and life to the lifeless! Glory to God!"*

"I thank our man of God, Pastor Chris, for the privilege to participate in the Healing Services! Thank you for your compassion for the sick, and for bringing healing to our homes."

Prayers Answered, Hope Restored, Lives Changed!

A Report on the December 2020 Healing Streams Live Healing Services

A season of miracles, a time of solutions and results... The 14th, 15th, and 16th of December 2020 marked a significant turning point for all who participated in the Healing Streams Live Healing Services. Truly, these were 3 days of destiny for all those who required healing in their bodies and others who needed God's divine touch in the circumstances and situations of their lives.

Participating online or on-site at designated viewing centers, billions of people connected together in an atmosphere of faith from every country and territory of the world. Thus, the stage was set for a spectacular time in God's presence.

Welcoming the global audience to the second edition of this glorious event, Pastor Deola Phillips, the director of the Healing School, said, *"I want you to know that today is a special day and that nothing is impossible with God. It doesn't matter how far things have gone. The Bible tells us about God's love for us and His capacity to do us good."*

Expounding on God's readiness to heal, she shared from Psalm 107:17-20, saying, *"The Lord will always respond to the cry of people. Whenever there is a challenge, a pain, sickness, or death, God sends His Word because His Word carries the power to accomplish and to do. In these meetings, God's Word will be coming to you on a mission, to do exactly what it did in the Scriptures. God's Word is coming to you, sent by God from the lips of the ministers of the Gospel, who are going to share God's Word with you and give commands in the Name of Jesus."*

Music ministrations and special songs of the Spirit helped many make bold declarations of faith and caused many to receive their miracles. Each day of the program, special testimonies from several who had been healed from the previous edition of Healing Streams Live Healing Services set an overflow of the miraculous in motion by fanning the spark of faith in many hearts into a blazing flame of expectations.

Enefiok from Nigeria was freed from the spirit of fear and anger, and healed of lumps in her breast when she participated in the September 2020 Live Healing Services. On set to share her healing experience, she said, *"While participating, I fell under the power of God and when I got up, I felt this peace and so much relief, as though something had just left. I felt lighter and stronger, and I sent in my testimony immediately because I knew that it was done. I checked later and the lumps were gone. I slept peacefully that night, and I've had no other challenges since then."*

PASTOR DEOLA PHILLIPS

Calling in from the United Kingdom, Marilyn gave her testimony of being healed from back pain, knee problems, and stiff fingers. Her day of freedom from pain and weakness came with the September 2020 Healing Services, where she was made whole. *"When they prayed for us and said to do what we couldn't do before, I squatted and bent my back, and I did it without pain. I started moving my fingers easily, no discomfort at all. I'm healed, restored and vitalized, and I will never be the same again,"* she said.

Indeed, the Lord sent His Word and its mission was accomplished as senior ministers of the Healing School shared stirring messages that got many to take action and reach out to receive their miracles.

The esteemed Reverend Ray Okocha started out with these words: *"The power of God is right where you are, being streamed to you, and it's going to produce a miracle."* He went on, *"Jesus was the living, moving temple of God, and when He paid the price for our salvation, that divine power was liberated and is everywhere. The presence of God is right where you are, and His power will hit your body and produce healing in you, no matter where you are."*

Evangelist Dr. Eddy Owase exhorted the global congregation. *"Miracles and healings are already happening because the power of God is here and also right where you are. It doesn't matter what has happened to you, what matters is your response to the situation. God already showed us what we can do to come out of any predicament or condition, so you have to make the choice and set the time for your miracle. And that time is now, so have an expectation,"* he admonished.

"The first and most important thing you must know is that God has a plan for you, and it's a good plan. God made provisions for everyone to be well and for all to enjoy life. Whatever has plagued you or kept you bound, today is the end of it all. Get ready for a change," Reverend Tom Amenkhenan enjoined the participants.

Faith gave substance to the hope of people all over the world as many experienced the release of the power of God when the ministers spoke forth and declared words of healing, strength, and encouragement. The ministers directed the power of God to the global congregation, speaking forth

REVEREND RAY OKOCHA

EVANGELIST EDDY OWASE

REVEREND TOM AMENKHENAN

healing for eye problems, skin problems, hearing problems, chest pains, and various ailments and diseases, and the Holy Spirit confirmed these words with testimonies from nations across the globe. They also prayed specially for those who had sent prayer requests to be healed.

Thousands of people who requested special ministration were on the healing line awaiting their time of visitation. Full of the Holy Ghost, the ministers imparted healing to these ones, with miracles following.

For 8 years, Neelam from Kuwait suffered from skin problems. Despite various treatments, the condition caused severe irritation that left her body itchy with many white patches. The ministers commanded healing and wholeness in her body and she was healed instantly. Experiencing relief after such a long time of pain and discomfort, she gratefully worshipped the Lord.

Mamta from India had suffered from lumbar disc herniation and disc degeneration for 3 years, and had to use a corset to hold her waist in order to reduce the pain. The healing power of God went through her body during the special live ministration and she removed the corset, giving glory to God as she did the things she couldn't do before.

38-year-old Jethro from Germany was diagnosed with microfilaria and liver enlargement, and had lived with these conditions for 13 years. As the ministers prayed for him, strength came into his body and he got up on his feet. Able to move without pain, he thanked God for his miracle. Glory!

Countless testimonies were recorded throughout the 3 days of this epochal event and long after, as people all over the world gave evidence of the divine intervention that had taken place in their lives, giving them new songs to sing and restoring joy to their lives.

"My son suddenly became blind in the left eye and when we visited the optician, we were told he would never see from that eye again. Immediately, we contacted our pastor, who told us to register for the Healing Services. As we watched the program, my son – Timothy – called me and said, 'Mummy, my eye is open. I can see you with my left eye now.' We are still celebrating and we thank our man of God, Pastor Chris, for bringing healing right into our home," Grace from South Sudan wrote to testify.

Attesting to the wonder-working power of God, Mahdiar from Iran says, "My son is healed of dumbness. He hasn't spoken for years, since he was born. Now, when we say the words, he repeats them. It was not like that before. I'm so grateful and I glorify my heavenly Father. His mercies endure forever."

"During the Healing Streams Live Healing Service on Monday, I watched with my soon-to-be 18-month-old baby, for whom I needed God to perfect all things about his health. When Pastor said that God's presence is everywhere and right in our homes, my baby's breathing slowed down and became normal. He is breathing well now. Then, a pastor called the case of a child who had not walked or crawled since birth. Previously, my son would cry so hard and start shivering anytime I tried to make him stand. But that day, the power of God was so strong in the room where we watched. I held his limbs as the minister

instructed. Then, after the prayers, I put him down. He was beside the bed and he stood there laughing and rejoicing with me while I jumped joyfully. I held his hand to walk and he took the first, second, third, and fourth steps. We have a miracle! We will keep at it until he starts running. Glory to God," Chidi from Nigeria enthused.

Indeed, the December 2020 Healing Streams Live Healing Services took the healing power of God everywhere, effecting miracles in many homes, hospitals, offices, viewing centers, and in every place where people connected. All manners of diseases bowed to the Name of Jesus as the power of God touched people where they were. They will never be the same again. Hallelujah!

Tend *Your* Heart

Every minute of every day, your heart is working to pump and supply blood and oxygen to all other organs in your body, which they need to stay viable and healthy. This makes the heart the most important organ in your body. To be sure that your heart is getting the care that it needs, you must have a well-rounded and healthy lifestyle.

Featured in this article are some healthy living tips that will help you maintain and improve heart health today.

- **Eat healthy meals.** Your meals should include fruits, vegetables, whole grains, low-fat dairy, skinless poultry, fatty fish, beans, lean meats, and nuts. Foods rich in fiber are also good for your heart. Limit red meat, saturated and trans fats, and salty/sugary foods and drinks. To reduce salt intake, check the labels on processed and packaged foods. Eating chocolate (in moderation) also improves heart health. If on a diet, don't cut out whole food groups; prepackaged meal portions will help you keep your diet balanced.
- **Get and stay active.** Create exercise routines that aim for 30 minutes of heart-pumping activity at least three times a week. Brisk walking, bicycling, and swimming are good exercises for cardiac health. If you're just starting to exercise or haven't exercised in a while, start slowly with brief routines, and then gradually increase intensity, duration, and frequency of the exercise routines.
- **Avoid tobacco and alcohol.** Don't smoke; quit if you already do. Also, avoid secondhand smoke because being around smokers increases risk of heart disease. Excessive drinking and too much alcohol can cause temporary increase in heart rate and blood pressure, which, in the long-term, may lead to hypertension, weakened heart muscle, and irregular heartbeat.
- **Do regular health checks.** There are many tools that can help you keep tabs on your heart health; from pedometers and activity trackers to track your exercise levels, to blood pressure and heart rate monitors, as well as bathroom scales for maintaining a healthy weight, and apps on your smartphone that will help with water intake and calorie counts. It's also advisable to carry out routine health checks with your physician at least once every year.
- **Eliminate stress or at least manage it.** Stress increases blood pressure and can cause other health complications. Find ways to relax, such as spending time with family and friends, engaging in recreational activities, getting enough sleep, reading a book, etc.
- **Watch your weight.** If overweight, shedding as little as five percent of your body weight will go a long way in reducing blood pressure and other risk factors that cause heart problems.

Faith's PROCLAMATIONS of Healing & Health

“For we walk by faith, not by sight” (2 Corinthians 5:7).

The Apostle Paul wasn't able to communicate with the Christians at Corinth in spiritual language. He chided them for being carnal: **“And I, brethren, could not speak unto you as unto spiritual, but as unto carnal, even as unto babes in Christ” (1 Corinthians 3:1).** Have you ever found yourself in situations where you had difficulty expressing yourself to carnal people? For example, being a spiritual man, if you felt a headache, you couldn't say *“I have a headache.”* The carnal man, on the other hand, sees nothing wrong with communicating at such a mundane level. As Christians, we don't walk by our feelings, we walk by faith. If you say, *“I have a headache,”* it means you've taken possession of it; you claimed it, and you shouldn't because it's an outside force, so don't accommodate it in your body. **Hebrews 13:5-6** says, **“...for he (God) hath said...that we may boldly say...”** You're only supposed to say what you have, that God gave to you. Don't accept anything that's from the devil. Make up your mind that you'll stand your ground in faith and walk in divine health. Refuse sickness, poverty, death, or depravity. Talk spiritual. Speak according to God's infallible Word, and not according to your senses.

CONFESSIONS

I'm what God says I am. My life is a testimony of God's grace and infinite blessings. I have the grace to excel in everything. I live in divine health, prosperity, abundant joy, and indescribable peace, in Jesus' Name. Amen.

Irrespective of what I see, feel, or hear, I remain firm and stand my ground in faith on the Word, knowing that my faith is the victory that overcomes the world. I refuse to allow my feelings control the circumstances of my existence. The Word of God dominates my thoughts, illuminates my mind, and fortifies my body against all sicknesses and diseases.

I refuse to fear, speak negativities, or allow thoughts of sickness to take a hold of my mind. Only words of life, health, peace, and joy proceed from my mouth, and my mind is fully inundated by the Word of God. Today and always, I speak the Word of God to everything that pertains to me: I declare that I am healthy, strong, sound, and full of life. I am perfect and complete in divine health.

My body is the temple of the Holy Spirit; therefore, I do not accommodate sickness, infirmities, or infections. The life of God in me has made me more than a man and invulnerable to anything that hurts, weakens, or corrupts the body. Daily, my body is vitalized and refreshed by the Holy Spirit that dwells in me, and I grow from strength to strength continually.

All things are possible unto me because I believe in the Word of God; I never give up or give in. My faith is ever active and it never fails. My faith-filled words are backed up by the power of the Holy Spirit; therefore, they make tremendous power available, dynamic in its working. I speak freshness to every cell of my blood, vitality to every fiber of my being, and strength to every bone of my body. I live and enjoy eternal life today and always in Jesus' Name. Amen.

I am a victor in Christ Jesus. Sickness, disease, death, fear, doubt, and unbelief have no place in me, for my faith in God and His eternal Word is the victory that overcomes the world! I refuse to fret or be discouraged because greater is He that is me than he that is in the world! I stand strong in faith against infirmities and death and I am continually victorious over all negativities, in Jesus' Name. Amen.

I rejoice that I am in Christ, and the Holy Spirit lives in me! Therefore, I am properly positioned to do wonders in my world. I am fully yielded to the Holy Spirit and ever attentive to His directions and guidance for my life. I declare that I am fully aligned with God's plans for my health. I walk continually in God's perfect will for my life.

The Spirit of God vitalizes every fiber of my being! The God-life in me destroys sickness, disease, and infirmity! I'm healthy and strong! Hallelujah!
